

## Cooperation with Academic journals!

The 29<sup>th</sup> ITS World Congress has cooperated with the following journals. All accepted papers will be recommended to a certain journal for publication according to the quality of the paper.

- Scientific papers of high quality will be recommended for publication in:  
*Journal of Traffic and Transportation Engineering* (ISSN 1671-1637, CN 61-1369/U).
- Scientific papers, scientific papers accepted as technical papers, technical papers of high quality will be recommended for publication in:  
*Journal of Chang'an University (Natural Science Edition)* (ISSN 1671-8879, CN61-1393/N)  
*Journal of Highway and Transportation Research and Development (Chinese Edition)* (ISSN 1002-0268, CN 11-2279/U).
- Other technical papers will be recommended for publication in these two journals.  
*Journal of Highway and Transportation Research and Development (English Edition)* (ISSN 2095-6215)  
*Journal of Highway and Transportation Research and Development (Special Issue of the 29<sup>th</sup> ITS World Congress)*(Supplementary Number)

After the paper is accepted by the Congress, paper will be recommended to the journals with the consent of the author. If the paper is accepted by the journal, the author needs to modify the paper according to the specific requirements of the journal to meet its publication requirements.

### Introduction of Journals Cooperating with 29<sup>th</sup> ITS World Congress

*Journal of Traffic and Transportation Engineering* was founded in 2001 with wide coverage of the five major transportation modes of railway, highway, aviation, water transportation and pipeline, including four secondary disciplines, namely road and railway engineering, vehicle operation engineering, transportation planning and management, traffic information engineering and control.

This journal has become a paper source of several well-known databases, such as *The Engineering Index* (Ei) of the United States, *Scopus* of Netherlands, *Chinese Science Citation Database* (CSCD core database), as well as *Chinese Science and Technology Papers and Citation Database* (CSTPCD) etc.

This journal ranks first in the field of integrated transportation in the *Annual Report on Comprehensive Citation of Chinese Academic Journals (Core Edition)*.

*Journal of Chang'an University (Natural Science Edition)* is the core journal of Chinese road transportation identified by *A Guide to the Core Journals of China (First, Second, Third, Fourth, Fifth, Sixth, and Seventh Edition)*. It is a paper source of several famous databases, such as *Chinese Scientific and Technological Papers (Chinses Core Scientific and Technological Journal)*, *Scopus*,

*International Road Research Documentation Database (IRRD)*, *Chinese Science Citation Database (CSCD)*. In addition, it is a core periodical reported by Chinese Road Documentation Service Center (CRDS) and selected by *Chemical Abstracts (CA)* (2014) of the United States, *Japan Science and Technology Corporation (JST)* (2018) of Japan, *Russian Abstract Journal (AJ)* (2014) of Russia and *Chinese Science Citation Database (CSCD)* (2017 -2018) (including extended version).

*Journal of Highway and Transportation Research and Development (Chinese Edition)* are the core journals listed by *A Guide to the Core Journals of China* (2020) published by Peking University; the core journal of *Chinese Science and Technology Journal*; the core journals of *Chinese Science Citation Database (CSCD)*; And of Research Center for Chinese Science Evaluation of Wuhan University.

*Journal of Highway and Transportation Research and Development (English version)* is included in databases of American Society of Civil Engineers (ASCE), Science Abstracts (SA, INSPEC) and Russian Abstracts Magazine (AJ, VINITI).
