PrepDSpace4Mobility (CSA)[1]
Stakeholder Workshop
10 May 2023, 09:30 – 15:00 CET, online

Purpose of the Workshop

The workshop aims to provide a platform for mobility and logistics stakeholders *to share their needs and requirements in the field of ITS* to support the development of the upcoming European Mobility Data Space (EMDS) and to ensure that these are effectively and adequately taken into account in the preparatory action for the EMDS, the <u>PrepDSpace4Mobility Coordination and Support Action</u>**.**

The focus of the workshop will be on exploring the different building blocks required for data collection and data sharing in the mobility and logistics domains. Furthermore, participants will explore different technologies and standards, the challenges and opportunities associated with each of them as well as the governance frameworks (including policies and regulations) for fair and transparent data sharing and management in the context of the emerging EMDS.
